

Appearance & Physical State:	Clear, colorless liquid with a faint butyl odor.
Density:	0.955
Melting Point:	-68°C
Boiling Point:	231°C
Flash Point:	100°C
Refractive Index:	1.431-1.433
Water Solubility:	soluble
Stability:	Stable. Combustible. Incompatible with strong oxidizing agents, strong bases.
Storage Condition:	Keep away from heat and flame. Keep away from sources of ignition. Store in a tightly closed container. Store in a cool, dry, well-ventilated area away from incompatible substances.
Vapor Pressure:	30 mm Hg (130 °C)
Vapor Density:	5.6 (vs air)
