

SPECIFICATION

Basic Information:

Product Name:	Erythorbic acid	Grade:	FCC Food grade
Chemical Formula:	C ₆ H ₈ O ₆	Molecular Weight:	176.13
CAS Number:	89-65-6	H. S Code:	293220
Quantity:	22mt/20'FCL 1mt /1.2CBM	Shelflife :	2 years
En. No.:	E315	Min. Order:	1mt
Keyword approximate	Erythorbic acid ; Iso-ascorbic acid; d-araboascorbic acid; D-isoascorbic acid;		
Function:	Preservative; antioxidant.		
Product Description:	White or slightly yellow crystals or powder		
PACKING:	In 25kg net composite paper-plastic cartons with PE liner, Others as per customer's requirement.		
Storage:	Store in tight, light-resistant containers. dry and cool place		

Erythorbic Acid is important antioxidant in food industry, which can keep the color, natural flavor of foods and lengthen its storage without any toxic and side effects.

SPECIFICATION:

ITEM	STANDARD
Description	White or slightly yellow crystals or powder
Identification A & B	Positive (FCC)
Assay	99.0 ~ 100.5% (FCC)
Loss on drying	0.4% max (FCC)

Optical (Specific) Rotation	-16.5° ~ -18.0° (FCC)
Residue on ignition	0.3% max (FCC)
Heavy Metals (as Pb) (mg/kg)	10max
Lead (mg/kg)	2max
Arsenic (mg/kg)	3max
Mercury (mg/kg)	1max
Oxalate	Passes test
