# SAFETY DATA SHEET

# **1. IDENTIFICATION**

| Product name:<br>Product code:<br>Company:<br>Address:<br>Responsible Department:<br>Telephone:<br>Fax:<br>e-mail:<br>Emergency telephone:<br>Revision number: | Praziquantel<br>P2125<br>TCI (Shanghai) DEVEL<br>No.96 Pu Gong Road, 5<br>Sales Department<br>+86-(0)21-67121386<br>+86-(0)21-67121385<br>Sales-CN@TCIchemica<br>0532-83889090<br>1 | Shanghai Chemical Industry Park, Shanghai 201507 China                                      |
|--|---|---|
| 2. HAZARDS IDENTIFICATION  | N   |   |
| Classification of the substance  |   |   |
| PHYSICAL HAZARDS<br>HEALTH HAZARDS   |   | Not classified  |
| Acute toxicity (Oral)<br>ENVIRONMENTAL HAZARDS   |   | Category 5  |
| Acute aquatic hazard   |   | Category 3  |
| Label elements<br>Pictograms or hazard symbols   | •   | None  |
| Signal word  |   | Warning   |
| Hazard statements  |   | May be harmful if swallowed   |
|  |   | Harmful to aquatic life   |
| Precautionary statements   |   |   |
| [Prevention]   | Avoid release to the en   | vironment.  |
| [Response]   |   | R or doctor if you feel unwell.   |
| [Disposal]   | Dispose of contents an regulations.   | d container in accordance with local, regional, national                                    |
| 3. COMPOSITION/INFORMAT  | ION ON INGREDIEN  | ſS  |
| Substance/mixture:   | Substance   |   |
| Components:  | Praziquantel  |   |
| Percent:   | >98.0%(HPLC)(N)   |   |
| CAS RN:  | 55268-74-1  |   |
| Synonyms:  | 2-(Cyclohexylcarbonyl)<br>ne  | -1,2,3,6,7,11b-hexahydro-4H-pyrazino[2,1-a]isoquinolin-4-o                                  |
| Chemical Formula:  | C19H24N2O2  |   |
| 4. FIRST AID MEASURES  |   |   |
| Inhalation:  |   | air and keep at rest in a position comfortable for breathing.<br>ention if you feel unwell. |
| Skin contact:  |   | ediately all contaminated clothing. Rinse skin with   |
|  |   | itation or rash occurs: Get medical advice/attention.                                       |
| Eye contact:   | Rinse cautiously with w   | rater for several minutes. Remove contact lenses, if present                                |
| -  | and easy to do. Continu   | ue rinsing. If eye irritation persists: Get medical   |
|  | advice/attention.   |   |
| Ingestion:   | Get medical advice/atte   | ention if you feel unwell. Rinse mouth.   |
| Protection of first-aiders:  | A rescuer should wear air-tight goggles.  | personal protective equipment, such as rubber gloves and                                    |

### **5. FIRE-FIGHTING MEASURES**

| Suitable extinguishing media:                    | Dry chemical, foam, water spray, carbon dioxide.   |
|--|--|
| Specific hazards arising from<br>the chemical:   | nTake care as it may decompose upon combustion or in high temperatures to generate poisonous fume.   |
| Precautions for firefighters:                    | Fire-extinguishing work is done from the windward and the suitable<br>fire-extinguishing method according to the surrounding situation is used.<br>Uninvolved persons should evacuate to a safe place. In case of fire in the<br>surroundings: Remove movable containers if safe to do so. |
| Special protective equipment for firefighters:   | t When extinguishing fire, be sure to wear personal protective equipment   |
| 6. ACCIDENTAL RELEASE M<br>Personal precautions. | EASURES  |

| Use personal protective equipment. Keep people away from and upwind of               |
|--|
| spill/leak. Entry to non-involved personnel should be controlled around the leakage  |
| area by roping off, etc.   |
| Prevent product from entering drains.  |
| Sweep dust to collect it into an airtight container, taking care not to disperse it. |
| Adhered or collected material should be promptly disposed of, in accordance with     |
| appropriate laws and regulations.  |
|  |

#### 7. HANDLING AND STORAGE

Precautions for safe handling

| Technical measures:              | Handling is performed in a well ventilated place. Wear suitable protective equipment. Prevent dispersion of dust. Wash hands and face thoroughly after handling. |
|----------------------------------|--|
|                                  | Use a local exhaust if dust or aerosol will be generated.  |
| Advice on safe handling:         | Avoid contact with skin, eyes and clothing.  |
| Conditions for safe storage, inc | luding any   |
| incompatibilities                |  |
| Storage conditions:              | Keep container tightly closed. Store in a freezer.   |
| -                                | Store away from incompatible materials such as oxidizing agents.<br>Heat-sensitive   |

Packaging material: Comply with laws.

#### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

**Engineering controls:** Install a closed system or local exhaust as possible so that workers should not be exposed directly. Also install safety shower and eye bath.

#### Personal protective equipment

| Respiratory protection:   | Dust respirator. Follow local and national regulations.           |  |
|---------------------------|---|--|
| Hand protection:          | Protective gloves.  |  |
| Eye protection:           | Safety glasses. A face-shield, if the situation requires.         |  |
| Skin and body protection: | Protective clothing. Protective boots, if the situation requires. |  |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

| Physical state (20°C):        | Solid                   |
|-------------------------------|-------------------------|
| Form:                         | Crystal - Powder        |
| Colour:                       | White - Almost white    |
| Odour:                        | No data available       |
| pH:                           | No data available       |
| Melting point/freezing point: | 140°C                   |
| Boiling point/range:          | No data available       |
| Flash point:                  | No data available       |
| Flammability or explosive     |                         |
| limits:                       |                         |
| Lower:                        | No data available       |
| Upper:                        | No data available       |
| Relative density:             | No data available       |
| Solubility(ies):              |                         |
| [Water]                       | Insoluble (0.04g/100mL) |
| [Other solvents]              |                         |
| Very soluble:                 | Chloroform              |
| Soluble:                      | Methanol, Ethanol       |
|                               |                         |

### **10. STABILITY AND REACTIVITY**

| Chemical stability:      | Stable under proper conditions.                        |
|--------------------------|--|
| Possibility of hazardous | No special reactivity has been reported.               |
| reactions:               |  |
| Incompatible materials:  | Oxidizing agents                                       |
| Hazardous decomposition  | Carbon dioxide, Carbon monoxide, Nitrogen oxides (NOx) |
| products:                |  |

...

# 11. TOXICOLOGICAL INFORMATION

| Acute Toxicity:            | orl-rat LD50:2840 mg/kg |
|----------------------------|-------------------------|
|                            | ipr-rat LD50:586 mg/kg  |
|                            | scu-rat LD50:>16 g/kg   |
| Skin corrosion/irritation: | No data available       |
| Serious eye                | No data available       |
| damage/irritation:         |                         |
| Germ cell mutagenicity:    | mmo-sat 150 mg/L (+S9)  |
| Carcinogenicity:           |                         |
| IARC =                     | No data available       |
| NTP =                      | No data available       |
| Reproductive toxicity:     | No data available       |
| RTECS Number:              | UQ4150000               |
|                            |                         |

### **12. ECOLOGICAL INFORMATION**

| Ecotoxicity:                 |   |
|------------------------------|---|
| Fish:                        | 24h LC50:13.4 mg/L (Clarias gariepinus) |
| Crustacea:                   | No data available                       |
| Algae:                       | No data available                       |
| Persistence / degradability: | No data available                       |
| Bioaccumulative              | No data available                       |
| potential(BCF):              |   |
| Mobility in soil             |   |
| Log Pow:                     | No data available                       |
| Soil adsorption (Koc):       | No data available                       |
| Henry's Law (PaM ³/mol):     | No data available                       |

## **13. DISPOSAL CONSIDERATIONS**

Recycle to process, if possible. Consult your local regional authorities. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. Observe all federal, state and local regulations when disposing of the substance.

#### **14. TRANSPORT INFORMATION**

| Hazards Class: | Does not correspond to the classification standard of the United Nations |
|----------------|--|
| UN-No:         | Not listed   |

#### **15. REGULATORY INFORMATION**

Regulations on the Control over Safety of Dangerous Chemicals (State Council announces on January 26, 2002 and revised on February 16,2011): Safe use and production, the storage of a dangerous chemical, transport, loading and unloading were prescribed.

#### **16. OTHER INFORMATION**

| This SDS was prepared sincerely on the basis of the information we could obtained, however, any warranty shall not be given regarding the data |  |  |

contained and the assessment of hazards and toxicity. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority. The products are supposed to be used promptly after purchase in consideration of safety. Some new information or amendments may be added afterwards. If the products are to be used far behind the expected time of use or you have any questions, please feel free to contact us. The stated cautions are for normal handling only. In case of special handling, sufficient care should be taken, in addition to the safety measures suitable for the situation. All chemical products should be treated with the recognition of "having unknown hazards and toxicity", which differ greatly depending on the conditions and handling when in use and/or the conditions and duration of storage. The products must be handled only by those who are familiar with specialized knowledge and have experience or under the guidance of those specialists throughout use from opening to storage and disposal. Safe usage conditions shall be set up on each user's own responsibility.
