

## ERRATUM

R.C. Elder, W.B. Jones Z. Zhao, J.G. Dorsey, K. Tepperman,  
Myochrysine Solution Structure and Reactivity,  
*Metal-Based Drugs* 1994, 1, 363.

Equation (2) on page 369 should read:

Equation (3) on page 369 should read:

$$K_{\text{app}} = K_1 \cdot K_2 = \frac{[\text{Au}(\text{CN})_2]^- \cdot [\text{TM}]^-}{[\text{AuTM}] \cdot [\text{CN}]^-^2} = 600.0 \text{ M}^{-1} \quad (3)$$

Most importantly the value of  $K_{\text{app}}$  is  $600.0 \text{ M}^{-1}$  not  $0.0006 \text{ M}^{-1}$  as originally printed.

I thank Professor C. Frank Shaw, III, for bringing the error in the numerical value of  $K_{\text{app}}$  to my attention.

Richard C. Elder
