

FOURTH INTERNATIONAL SYMPOSIUM ON METAL IONS IN BIOLOGY AND MEDICINE

Tarragona, Spain, May 19-22, 1996

The 4th International Symposium on Metal Ions in Biology and Medicine will be held May 19-22, 1995, in Tarragona, Spain. The scientific program will include plenary and keynote lectures, platform sessions, posters with discussion and debates. This symposium will address the role of metal ions in areas of biochemical, biological, and medical sciences. The symposium will be of practical usefulness to those in basic and applied research, clinical scientists, and researchers in allied medical fields.
